Onshape does the heavy lifting, you just need a compatible browser and device to render your CAD data on-screen

Browser looks good!

Your browser requires WebGL and a WebSocket connection for Onshape.

2. [English]の右の▼をクリックする

3. 「日本語」をクリックする

The image shows two side-by-side screenshots of the Onshape account preferences page, illustrating the steps to change the language. A large red arrow points from the first screenshot to the second.

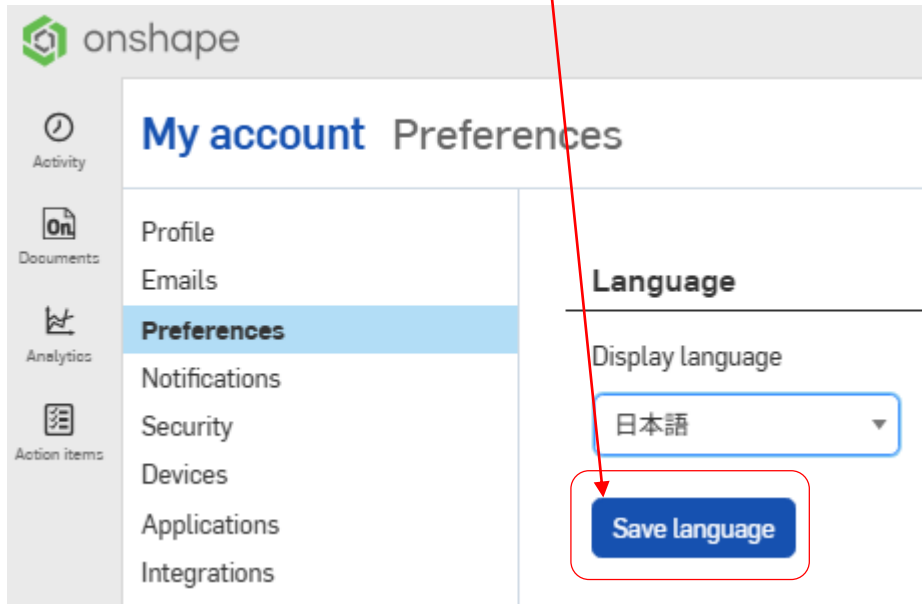

Left Screenshot: The 'Preferences' menu item in the left sidebar is highlighted with a red box. A red arrow points from the first step of the instructions to this box. In the main content area, the 'Language' section has a dropdown menu showing 'English', which is also highlighted with a red box. A red arrow points from the second step of the instructions to this dropdown.

Right Screenshot: The 'Language' dropdown menu is open, showing a list of languages. The '日本語' (Japanese) option is highlighted with a red box. A red arrow points from the third step of the instructions to this option.

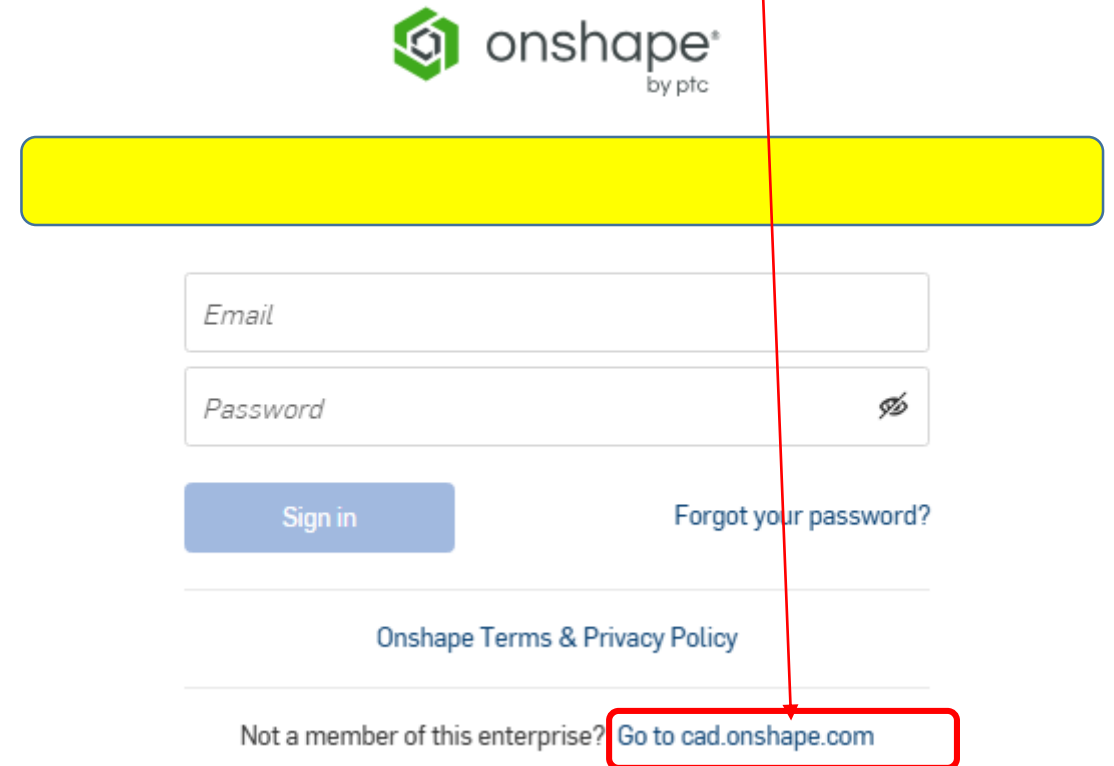

The interface includes a sidebar with icons for Activity, Documents, Analytics, and Action items. The main content area is titled 'My account Preferences' and includes sections for Profile, Emails, Preferences, Notifications, Security, Devices, Applications, Integrations, Subscription, Payment options, and Payment history. The 'Language' section includes a 'Display language' dropdown and a 'Save language' button. The 'Theming' section includes a 'Light mode' radio button and the text 'Default color scheme for Onshape'.
